AD100

THE NEW YORK CITY LIVING ROOM OF DEREK BLASBERG AND NICK BROWN, DESIGNED BY VIRGINIA TUPKER.

Launched in 1990 as a stand-alone special issue, the AD100 has since evolved into an annual survey of the top names in interior decoration, architecture, and landscape design. This month we again salute the creative talents who represent the best of the best—among them, 10 newcomers making their first appearance on the list. Good design knows no borders, so the blue-chip firms hailed on the following pages embody an international fellowship of trailblazers and standard-bearers whose work is as inspiring as it is influential. **Meet this year's AD100: the women and men shaping the way we live now....**
